R400.5870 states: "The rules with respect to fire prevention and fire safety shall not apply to a child care center established and operated by an intermediate school board, the board of a local school district, the board or governing body of a state-approved nonpublic school, or by a person or entity with whom a school contracts for services, if the child care center is located in a school building that is approved by the state fire marshal or other similar authority."

In order to waive a fire safety inspection by a qualified fire safety inspector, you must provide the Division of Child Day Care Licensing with a copy of a previous approval from the State Fire Marshal, Bureau of Construction Codes and Fire Safety, or Bureau of Fire Services.
